Dear Parents and Caregivers,

Many of you would be aware that the R-2 students attended Ash Wednesday liturgy at school and the Year 3 – 6 hosted the Mass for the parish in the church. **The students were exemplary!** The parishioners were so impressed with their conduct, their participation in the mass with responding and singing, and the reverent manner in which they received the ashes. I was and I know you all would be so proud of our children too! Many parishioners also commented on the uniform and how smart everyone looked! Thank you for your commitment in ensuring your child is in correct school uniform and demonstrating the high standards we have across the school. These sentiments were also expressed by visitors who attended the Principal's Tour last week.

This week the Senior Students were at the El Shaddai Campsite and again demonstrated the school values and the 5 Respects so well. I have invited the students to write the next newsletter sharing their experiences at camp!

Dear Parents and Carers,

This letter details an update from the Federal Government regarding the coronavirus disease (COVID-19) for your information.

Restrictions are in place for people who have recently returned to Australia from Iran or mainland China, with the following advice issued to staff and parents about attendance at schools and early childhood facilities.

In the following scenarios you **cannot** attend school or an early childhood centre:

- If you have left, or transited through Iran on or after 1 March - you must isolate yourself until 14 days after leaving Iran.
- If you have left or transited through mainland China - you must isolate yourself until 14 days after leaving China.
- If you have been in close contact with a confirmed case of novel coronavirus - you must isolate yourself for 14 days after last contact with the confirmed case.

At this stage, the Federal Government advises that travellers from Hong Kong, Indonesia, Japan, Singapore, Thailand, South Korea, Italy and Cambodia who have not been to mainland China or Iran are not required to self-isolate unless they are unwell, in which case they should seek medical assistance.

Practising good hygiene

Everyone can protect against infections by practising good hygiene. Encourage all children and staff to:

- wash their hands regularly, particularly after using the toilet and before eating
- avoid spreading infections to others by keeping children home if they are unwell cover a cough or sneeze with a tissue

Resources and posters are available from [SA Health](#).

LENT- PROJECT COMPASSION 2020 CARITAS AUSTRALIA

Let's go further Together

"Not All of Us Can do Great Things, but We Can do Small Things with Great Love." – Mother Teresa.

Our class Assembly focus for Term 1 is on the stories of the people that we support through our Project Compassion fundraising.

This week, 4MC and 3T will share the story of 27 year old Phany, who lives in a village in western Cambodia. She is struggling to earn a living as a rice farmer and was forced to leave her daughter behind in the village, to take up construction work in the city.

Over 70 percent of Cambodia's population live in rural communities – and the farming families living in poverty are the most food insecure. Thirteen percent of Cambodians live below the poverty line, while 35 out of every 1000 babies die due to malnutrition.

In 2016, Phany joined the Upholding Community Dignity Together program, where she learned new farming techniques, such as a drip irrigation system which enabled her to get a better yield from her vegetable crops and to conserve water for drier periods. She also learned how to grow vegetables and raise chickens and ducks. Phany's community also took part in training in health, nutrition, hygiene and disaster preparedness, arming them with better strategies to cope with environmental changes.

SHROVE TUESDAY Project Compassion Fundraiser- February 25th

Thank you to the parents who helped cook pancakes for our first fundraiser for Project Compassion. We raised \$167.70 for Project Compassion to go towards projects such as those that Shirley and Phany are involved in. Thank you all for generosity.

INSIGHTS

Respectfully breaking the masculinity strait jacket

There's nothing so mindless as a mob, which was abundantly clear last year when a group of boys from a Melbourne school were filmed making a misogynist chant on a crowded tram.

While it's easy to blame the mob for such behaviour it shows that out dated ideas about masculinity persist. There's still a lot of work to be done to teach boys to respect women and treat them as equals.

Calling out the bro' code

The tendency for boys to bond tightly is dual-edged sword. On the one hand, a tight set of mates provides a boy with a sense of safety, security and belonging. On the other hand, the bonds between young males can propel a boy to act in ways that are reckless, amoral and just plain stupid.

It takes a brave boy to go against the crowd and call out this bro' code. Doubly so when he has to stand up and call out the sexist behaviour of his friends. Calling out your mates' sexist comments, like calling out violent acts, is the quickest road to ostracism and being branded a loser, loner or loathsome by the mob.

Respectful attitudes take courage

It takes courage and real leadership to swim on your own against the tide, particularly when the mob is swimming the other way. Courage, leadership and respectful behaviour are part of the ongoing conversations about respectful behaviours that adults need to have with boys from the early primary school years.

Respectful attitudes requires eldership

Men have major role to play in helping boys develop healthy values and attitudes that they can take into their adult lives. Men's lifestyles and beliefs become touchstones for adolescent boys who are searching for legitimate pathways to adulthood.

Boys need to see genuine reactions of outrage and disgust by the men in their lives to sleazy, inappropriate behaviours toward women displayed by some current high profile celebrities so they see that misogyny and disrespect plays no part in decent masculinity. Similarly, they need to see men calling out inappropriate remarks made toward women in the workplace, in the community and at home.

Respectful attitudes are forged through rites of passage

One of the great opportunities we have as a culture is the reintroduction of healthy rites of passage from boyhood (and girlhood) into manhood (and womanhood). It is through adult-initiated rites of passage that boys leave behind the vestiges of boyhood, taking on the mantle of manhood and the responsibilities that go with being a man.
