Dear Parents and Carers

It was fabulous to see so many parents and visitors at the Mary MacKillop Feast Day Mass last week.

This year it was decided to present Mary MacKillop class Awards to students who have demonstrated through action and deed Mary MacKillop's motto, "Never see a need without doing something about it!"

Congratulations to the following students who received this year's awards.

Class			Class		
RM	Vincent	Lila	RS	Mahad	Nati
1/2C	Ethan	Jada	1/2GM	Joey	Mia
1/2R	Chaamin	Daphne	3TDP	Xavier Y	Ruby
3/4MDP	Joshua A	Jordina	4C	Mukund	Hiyab
5TC	Riley	Jiyaa	5/6G	Mehtaab	Kiara
6C	Osman	Stephanie			

The School Board has also been discussing the Student Awards given out at the End of Year Mass and have decided to align the Student Awards to the School's Vision and Ethos.

It has been decided to have three Awards:

Mary MacKillop Award - which will be awarded to a senior student who exhibits Josephite values of fairness, honesty, co-operation and support to the school community.

St Joseph Award - which will be awarded to a student who is a trusted hard worker and demonstrates persistence and determination when faced with challenges, just as St Joseph did.

Josiah Mitton Award - which will be awarded to an all-round, high achieving, Year 6 student and is presented by the City of Charles Sturt.

Students will receive a plaque which they will keep and their name will be recorded on a school shield.

In previous years the Student Awards were named after three members of our school community who had died whilst a member of this community. This included:

- Sister Patricia O'Dea who was Principal – Sister Patricia died on the way to visiting students on school camp.
- Silvana Patrick – Silvana was an Art Teacher at St Joseph's.
- Kosta Adrianopoulos – Kosta was a student at St Joseph's who passed away after a serious illness.

It has been decided to remember and honour their contribution to our school community by placing an individual memorial plaque in the school garden, next to the parish house, which is a heritage listed building.

Mr and Mrs Andrianopoulos have been invited to participate in the liturgy however will be overseas on this day.

Naming of our School Buildings

Other preparations are certainly underway for the Official Blessing and Opening of our new building, The Mackillop Centre of Learning. The survey relating to naming the school hall has now been closed and the results shared with the School Board last week.

I am pleased to announce that the **Hall** will now be named the **Sacred Heart** Hall.

The **Administration Block** including the Parish House and Chapel will be named the **Chevalier** Building, acknowledging 105 years of administration by the Missionaries of the Sacred Heart.

The **new building and the original 90 year old building** now connected to the new building is the **MacKillop Centre of Learning**.

This is indeed a very exciting and important milestone for our school. You are all welcome to attend the Opening and Blessing Ceremony on 20 August. More information about this special day is included in the newsletter.

Curtin University School Improvement Survey

Staff and Students have now completed the survey. Many parents have also completed the survey. I am aware that some teachers are very competitive and are VERY EAGER to win the pizza and ice-cream lunch, so you may receive reminders!!! Please have your say, make a difference and help shape the future direction of our school. The survey will close on 22 August. Data collected will be collated by Curtin University and a report generated. Helen Clark, Rita Garreffa and I will analyse this report at a workshop in Term 4. Information will be discussed with the School Board and Staff and shared with the School Community. Data collected will inform the School Strategic Plan.

Bertie Street Kiss and Drop Area

Please note the council has extended the 'Kiss and Drop' area on Bertie Street. Please take note of the road signs as traffic infringements will be issued by the council. Community members continue to be concerned for the safety and wellbeing of children caused by traffic congestion and behaviour witnessed. To ensure smooth traffic flow if your child is not ready for collection you will need to move your vehicle after 2 minutes.

Learning Conversations

Learning Conversations will be held this term in Week 8. These are optional for parents this term. Bookings will open in Week 6. Please look out for the flyer with information on booking a time with your child's teacher. Information regarding this will also be posted on SeeSaw.

Book Week

Kay Carmody has been busily organising Book Week Activities with the launch of Book Week – "Reading is my Secret Power" on Friday 16th August and concluding with the Book Week Parade on Friday 23rd August. See more information included in this newsletter. As I will be at a Principal's Meeting on Friday and will commence Long Service Leave the following day I would like to take the opportunity of thanking Kay for co-ordinating Book Week activities and the enthusiasm of students and staff!

As previously announced, Ms Jenny Digilio will be Acting Principal during my absence and will commence on Monday 26 August. Jenny is very excited to join our community and is eager to meet you all. Helen Clark and Rita Garreffa are also available to assist you too.

I look forward to reconnecting with you all on Tuesday 15 October and hope to have some wonderful experiences to share with you.

Until then... *God Bless*

Feast of the Assumption of the Blessed Virgin Mary

This Thursday the 15th August, we celebrate the Solemnity of the Assumption of the Blessed Virgin Mary. On this day we remember when Mary was taken (“assumed”) into heaven, body and soul, after she died. This story is not in the Bible, but has been passed down from the earliest days of the Church. It is believed that Mary died in Jerusalem and was buried in a tomb. But when the apostles opened the tomb again, her body was gone. Why would God take Mary’s body and soul into heaven? In part because Mary is special to God: she said ‘Yes’ to becoming the mother of Jesus. But God also wanted to show us that one day, all of us will share in the bodily resurrection of Jesus. Mary is the first person in the Church to experience the resurrection in its fullest.

The Feast of the Assumption is a Holy Day of Obligation. We will have a whole school liturgy, without communion, due to limited priest availability.

Parish Masses are as follows:

OLM CHURCH FINDON

Wednesday 14th August, 6.30pm Vigil Mass—Fr Noel Mansfield

SACRED HEART CHURCH HINDMARSH

Thursday 15th August 11.00am—Father Krish Mathavan MSC

Holy Mary, on this day,
we honour your life as the chosen Mother of Jesus.
We remember your dedication to God
and the joy and heartache you had in
your life as you followed God’s plan for you.
We pray for the love you had for God,
the hope you had in Jesus,
and the joy you found in your heart.
Pray for us as we grow in love, hope and joy.
Amen

What is happening in the Preschool?

This week we introduced a circus play table with wooden props and a puzzle to compliment Ella app six At the Circus.

At the Circus

The Polyglots at the Circus takes children into a magical space of performers and performance. Combining special lighting, music and costumes, the Polyglots performers entertain as children experience language related to body parts. This app also reinforces vocabulary included in the first four apps.

'Childhood is a time to be, to seek and make meaning of the world.'(EYLF)

The Polyglots at the Circus provides play experiences that parallel children's own experiences of circuses or other performance events.

What is happening in the Preschool?

We have introduced a tent, costumes and physical activities that compliment the Ella Circus app.

We listened to the story *Smarty Pants*. He is a clever clown who can swim, ski, fly a plane and drive a racing car. The accompanying audio has a song that invites the children to act out the story.

The text also introduces rhyming words and phrases such as "Rum tum tay, see me play"

*A kindergarten child who is an effective communicator, explores and engages in literacy in personally meaningful ways. Reading and singing along with the story *Smarty Pants* is about exploring word and letter sounds, rhyme, sequence and the patterns of language.*

OVERSEAS BORN STUDENTS

If your child was born in a country other than Australia we are required to hold copies of current VISA's. If your resident status has changed to 'citizen' it is imperative that you provide us with copies of your Australian Passport and Citizen certificate.

Every August we are required to complete an Australian Government Census which includes reporting how many students attend our school who hold VISA's to determine eligibility to attend Government funded schools.

If your VISA has expired, conditions have changed or your status is now that of an Australian citizen please bring your original documents into the Office as a matter of priority so we can update our records. If our records are not current or we are unable to determine your eligibility to access Government funded schooling you may be charged the overseas full fee paying student rate per year.

Protecting your child's online privacy

by Colin Anson

From sharing pictures of a child's first day at school to key moments at high school, many adults don't consider the potential risks or breach of future privacy for kids. In fact, it is now become a ritual to announce the full name and date of birth of a child online within hours of them being born. This is just the beginning of a child's digital footprint.

Although children are now 'born digital', exposure in the online world can present just as many risks as the physical world can pose. Images and identifying details can be used for numerous activities that put your child at risk, from stalking, to cyberbullying, identity theft, and even digital kidnapping.

The Australian eSafety Commission warns that half of all images on paedophile image-sharing sites originate from social media sites and blogs. Parents are responsible for protecting kids until they are old enough to make their own decisions about their online presence.

So, what can parents do?

Start by 'thinking privacy' before posting images of children online. You'll be protecting their digital footprint and setting them up for a healthy relationship with the digital world.

Seek consent

Always ask others before sharing images of their children, even your family. Speak up about how you feel about images of your child being shared. When your child is old enough, ask them for consent, empowering them to understand they have a right to their privacy online. As they become teenagers, hopefully they will have more respect for what they post online and have confidence to speak to others about their consent guidelines.

Understand the settings

Check the settings of your social media channels to ensure your posts are not public. Speak to your friends and family about this and don't be afraid to ask for help to get it right. If your child has social media channels of their own, go through the settings with them to minimise the risk of unwanted shares.

Think about the detail

Avoid including children's identifiable details such as school badges, logos, uniforms, name tags or identifiable locations such as your home area or school. Alternatively, blur these details prior to posting.

parenting * ideas

Be selective

Create a simple checklist to help make decisions regarding posting online easy. What do you deem appropriate? Are you happy to share images of your children in swimwear? Do you want to avoid full-frontal face shots?

If your child is old enough, explain why you are selecting certain pictures and not sharing others. If you have a teenager who is sharing their own images, talk to them about what is appropriate and potential repercussions of not setting boundaries.

Remove metadata

Metadata on digital images records the time, date and GPS coordinates of where the photo was taken and can be accessed through shared images, and your sharing service may record your IP address. You can wipe this information with appropriate software or share screenshots of your photos to avoid metadata sharing. Screenshot sharing creates a lower resolution photo, so it's less likely to be tampered with by a third party.

Think 'privacy first' to reduce many of the risks involved with image sharing. Have conversations with your children to instil this mentality; help them build empathy; and identify the steps for minimising risk whilst helping them build a healthy relationship with technology so they can become responsible digital citizens.
